

ENVIRONMENTAL POLICY STATEMENT

T. Harrison Ltd will implement, maintain and review systems to:-

- 1/ Identify any environmental risks to T Harrison Limited's operations and eliminate or reduce those risks to prevent pollution.
- 2/ Manage our environmental responsibilities and implement a continual improvement process by following good environmental practices and reacting to business change.
- 3/ Develop and improve relationships with environmental regulators and the general public.
- 4/ Ensure that all employees, subcontractors and material suppliers understand that by adopting good environmental practices we will minimise the impact on the environment from our activities.
- 5/ Adopt environmental measures which support strategies to:-
 - (i) Minimise the amount of energy consumed.
 - (ii) Reduce wastage of raw materials used in our processes.
 - (iii) Ensure that appropriate arrangements are made for the safe disposal of waste products.
